Area Below Solid Line To Be Completed By Cosumnes River Preserve Staff

Cosumnes River Preserve (CRP) Access Permit

Permit # _____

This permit constitutes permission for _____
to enter the _____

of the Cosumnes River Preserve for the purpose of _____.

This permit is valid only for the aforementioned person/ people, location(s), and purpose, and only between sunrise and sunset.

This permit expires on _____.

By participating in this permitted project, each participant represents he/she understands and agrees to comply with the following terms and conditions:

1. permission to enter is limited to the person/people, hours, and locations designated above
2. this permit will be kept on his/her person while on CRP land, and the temporary vehicle permit will be displayed prominently within any vehicle parked on or next to CRP land
3. vehicle use will adhere to instructions regarding roads and fire provided below and by the contact listed below
4. conditions in the Researcher Guidelines will be followed (if access is for research), **including requirements for data sharing**
5. conditions in the Collection Permit will be followed (if applicable)
6. the CRP Release of Liability form for each participant must be completed, signed, and on file with CRP staff before first entry.

Roads: During the rainy season, all of the Preserve's dirt roads are closed to all vehicle traffic for at LEAST a 24-hour period immediately following any rain. You are welcome to park inside a gate and walk on the roads. If you have any questions about the conditions of the roads, please call or email your primary contact listed below.

Fire season: If access occurs during fire season (typically May or June through approximately October), each permittee acknowledges that he/she has been informed of the use restrictions issued during fire season, and that he/she agrees to abide by said restrictions.

In case of emergency: We strongly suggest that you carry a cell phone. Do not confront or challenge anyone whom you suspect to be engaged in unlawful activity. In case of a safety emergency or observation of unlawful activity, first ensure your own safety. Call any pertinent and needed law enforcement officers* or emergency medical services, then call Harry McQuillen, CRP Preserve Manager, at 916-838-8475 (cell). As backup, you may call Alex Cabrera at 916-670-9461 (cell) and/or your primary contact.

*If your cell phone's area code is NOT 916, then instead of calling 911, call Sacramento Sherriff Dispatch 916-874-5115.

Your primary CRP staff contact(s) is/are _____, whose phone number(s) is/are _____ and whose emails is/are _____.

Please notify your primary contact(s) in advance of each visit (or period of regular visits) to CRP.
